

Women's Impact Fund + CGI

COMMUNITY IMPACT PROJECT
DELIVERED AND SPONSORED BY CGI

Providing grants to deliver a healthier, better educated and supported, culturally rich & dynamic community

Problem: Women's Impact Fund (WIF) was using several different systems to manage their donor, member and operational data. They sought support to find one effective, integrated solution.

Solution: Apparo matched WIF with a volunteer from CGI to assess their current systems and needs and provide recommendations for the best integrated solution. They are currently choosing to stay with YourMembership, taking advantage of new features

Nonprofit Team: Patricia Massey Hoke, Fielding Williams

Valuable 3rd Party Validation

“Thanks to the support from Apparo and Radha Mukkai from CGI Consulting, Women’s Impact Fund benefitted from two experienced third-party perspectives on our options for membership management software, which is critical to our operations. Our partnership with Apparo provided the due diligence and confidence we needed to select the solution that is right for us.”

Upon implementation of new YourMembership features, WIF anticipates:

- Increased operational efficiencies

- Enhanced member experience

A Meaningful and Fulfilling Volunteer Experience

“ I enjoyed working on the WIF project alongside Allison Grant. I am very glad I was able to be of service to the team and make a small contribution. I highly encourage others to work on CIPs with Apparo. They are very meaningful and fulfilling.”
